## Maintenance Reliability Roundtable “Reliability for Leadership”

*Free Breakfast*

March 24, 2017 | 8:00 am – 10:00 am

*Location*

Manufacturers Resource Center | Hanover Office Plaza  
961 Marcon Boulevard, Suite 200 | Allentown, PA 18109

This interactive Maintenance Reliability Roundtable for leadership will be led by Larry Bouvier, nationally recognized industrial maintenance expert and leadership coach. It will include his brief presentation on how reliability drives business goals - people, planet & profit, and the way to drive this change so it becomes part of an organization's culture.

**Key takeaways:**

- The key factors needed to drive organizational change from a "repair" to a reliability driven organization
- How reliability drives business success
- The role that leadership needs to take in driving these changes

**Target Audience:** VP of Manufacturing, Facility Managers, Maintenance Managers, Production and Maintenance supervisors, safety and quality professionals.

**Presenter:**

[Lawrence Bouvier](#)

Senior Project Manager

[Fuss & O'Neil Manufacturing Solutions, LLC](#)

Larry has decades of experience in heavy industrial maintenance as a maintenance technician, plant engineer, maintenance and plant engineering manager and project manager in the steelmaking, foundry, machining, plating, and flexographic printing industries. His focus on personal development, coaching and training of his employees, peers and clients has been instrumental in helping the companies he has worked for and his clients achieve World Class Maintenance by leading and developing maintenance organizations, establishing maintenance best practices and improving processes and equipment reliability. He possesses excellent leadership, organizational and hands-on skills and has done maintenance organization building, shop floor and class room training in TPM, RCM, Maintenance Excellence, Maintenance Skills and Productivity improvements.
