One week before the event, you will receive instructions to join

This presentation provides insights on how our threat landscape continues to evolve due to technology modernization, such as the Cloud. Our speaker will share the latest trends, and provide important actions to consider to help safeguard your organization against cyber threats. Today, ransomware attacks have taken on a whole new approach. Not only do fraudsters take your data as hostage, but release it publicly to ensure high payments. Don't be a victim, join the conversation. **Topics:**

- ☑ Navigating business resiliency, cyber and fraud threats during COVID-19
- ☑ Latest cyber and fraud statistics
- ☑ How JPMorgan Chase & Co defends against cyber threats
- ☑ Electronic Payments Fraud
- ☑ The changing risk landscape
- ☑ Cyber attacks and threat actors
- ☑ Vectors of cyber attacks
- ☑ Business Email Compromise (BEC)
- ☑ Phishing, Vishing and Smishing Attacks
- ☑ Financial Malware
- ☑ Anatomy of a Ransomware Attack
- ☑ Social Engineering Attacks
- ☑ Payment security and controls best practices
- ☑ Other topics based on client requests

Target Audience: Company Owners, C-suite CFOs, Controllers, IT Professionals, etc.

Cost: No cost, complimentary – *This event is made possible thanks to funding assistance through the MEP National Emergency Assistance Program*
