

Leadership's Role in Sustaining a Lean Culture 2022

Internationally renowned teacher and author, Mike Hoseus is coming to the Lehigh Valley to teach on the topic of Executive Lean Business Applications and Leadership's role in sustaining a Lean culture. This two-day Lean Culture event is all about how to develop yourself and your organization into high-performers that can deliver sustainable business results.

Leadership is the most frequently identified gap in organizations striving toward world class

excellence. This comprehensive Lean Culture Workshop will explore the role of leadership in a culture transformation, facilitate identification of gaps in your organization and then give practical methodologies and processes to address them.

Course Highlights

- Lean leadership system – True North and Hoshin Kanri
- Lean Daily Management System (EDMS)
- Connecting Lean work systems with your Lean people development system
- Systematic problem solving at all levels

Visit mrcpa.org/events for full course details.

Who Should Attend

CEOs, Presidents, Vice-Presidents, Executive Leaders, General Managers, Lean Leaders, and anyone facilitating change within your organization who understands the importance of going beyond tools to create effective management systems and processes in order to set the basis for creating a sustainable Lean culture.

Instructor | Mike Hoseus, Executive Director Center for Quality People & Organizations (COPO)

Mike was a corporate leader for 13 years at Toyota Motor Manufacturing's Georgetown, Kentucky, plant both in Human Resources and Manufacturing. As Assistant General Manager in Human Resources, his responsibilities included personnel, safety, HR development, employee relations, benefits, training, and manufacturing/human resource teams for a plant of 8000 team members. Currently, Mike is Executive Director for the Center for Quality People & Organizations (COPO), an organization developed in 1999 as a vision of Toyota Motor Manufacturing to share Lean Quality philosophy and human resource practices with education, business, and community organizations.

Learning Objectives

- Learn actions to immediately improve your profits and cash flow
- Understand why focus on "cost cutting" in these challenging times is the wrong approach
- Learn why "delegating lean" to others doesn't work, and may hurt your bottom line
- Understand and implement processes and systems to sustain your improvement activity
