Manufacturers  
Resource Center

How can Advanced Manufacturing Technology (AMT) help with labor shortages?  
How can AMT be applied to high mix, low volume manufacturing processes?  
How do we ensure success with our AMT investment and integration?

Discover the answers to these questions and more by talking with technology experts and seeing their solutions in action. Learn from success stories that will accelerate your AMT strategy to improve safety, quality, delivery, cost, and culture in your operation.

MRC will be hosting technology providers who will demonstrate:

- Factory Automation
- Industrial Networks
- Robotics
- Cyber Security
- Machine Vision
- Augmented Reality
- Business Software Solutions
- Data Collection and Analysis

## Bring your entire team!

This show can advance all aspects of your business – Safety, Quality, Operations, Maintenance, Continuous Improvement, Engineering, and HR. Bring your entire team to explore and discover technologies that will help you solve some of your most difficult challenges!
