

Fundamentals of Maintenance Management

February 19-20, 2019 | 8:30 am - 4:30 pm

Location

Host Manufacturing Site to be Announced

This two-day course will be hosted at a local manufacturing facility and will provide the hands-on skills and strategies to make the switch from firefighting to true Maintenance Excellence. Participants will receive real-life, hands-on experience while learning the fundamentals of Maintenance Management.

Leading a maintenance organization requires more than technical skill. This course explores:

- Strategic tactics required to successfully motivate your staff to grow and excel
- Financial aspects of how you will be able to drive profitability
- Safety and Environmental concerns every manager must successfully navigate
- Systems you can implement that will bring about a culture change from reactive to proactive maintenance
- Methods critical to help keep you and your people organized and optimized
- Technical challenges of your business and how to meet and exceed them

Cost: \$990/person | Register at: <http://www.mrcpa.org/events>

Presenter:

Larry Bouvier, CMRP | Project Manager
Fuss & O'Neil Manufacturing Solutions
