

Train the Trainer

Mar. 1, 8, 15, 2024

Effective training is a crucial aspect of talent development and retention. More than merely an informational download, it's a strategic, well-defined plan facilitated by knowledgeable trainers who know how to engage and motivate learners for the best possible experience and outcome.

Participants explore adult learner characteristics, their preferred learning styles (Visual, Auditory, Read/Write, Kinesthetic), and how to captivate each style. They examine the impact of trainer expectations through The Pygmalion Effect and utilize the Everything DiSC® Workplace profile to enhance communication with diverse work behavior styles.

In this hands-on workshop, trainers practice coaching, conflict management, and handling classroom challenges, receiving valuable feedback. It perfectly complements the Training Within Industry (TWI) Job Instruction Training Method course, offering a comprehensive training solution for both inexperienced and seasoned trainers.
