Who Should Attend

Safety, Quality, Operations, Maintenance, Continuous Improvement, Engineering, and HR. Register your entire team to explore and discover technologies that will help you solve some of your most difficult challenges!

Presenter and Co-Host | Shawn Furman | MRC AMT Strategy Manager

Shawn has a 20-year proven, well rounded background in leading process improvements at industry icons directing or managing teams in Electrical Engineering, Automation Engineering, Maintenance Management, or combinations of both. Shawn provides the experience and talent small and mid-sized manufacturers need to help them implement their technology roadmap and guide them through the implementation of transformative technologies that are critical to compete and drive their companies into the future.

There is no cost to attend this event, however, prior registration is required.
