

Goldratt's Flow Solutions: Leverage Operational Excellence for a Competitive Edge

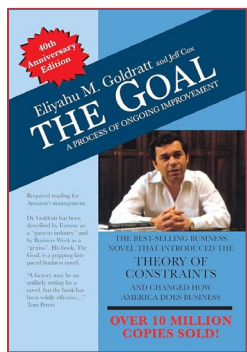

Jan. 15, 2026

Rami Goldratt Presents: A Preview of Goldratt's TOC Flow Solutions!

Discover proven Theory of Constraints tools, time tested to deliver breakthrough results across industries. Hear case study insights from diverse work environments. Study practical solutions to significantly reduce lead times, minimize inventory, boost throughput and increase service levels. Practice simulations you can use with your teams the next day.

Course Highlights

Rami Goldratt will present key concepts made famous by the book "The Goal" in a practical, applied manner that will resonate across teams. He will highlight several common obstacles to flow, and how to remove them for better flow, using several case studies to illustrate the benefits.

Hear how companies around the world have leveraged operational excellence for a competitive advantage.
