

# Automation & Manufacturing TECHNOLOGY SHOW

Apr. 15, 2026

## Turn Smart Manufacturing Ideas into Measurable Results

Discover how manufacturers across the region are using automation, digital tools, and smart manufacturing strategies to improve safety, increase quality, strengthen delivery performance, and reduce operating costs. MRC's Automation and Manufacturing Technology Show brings together proven technologies, real-world applications, and trusted solution providers in one highly focused half-day experience.

This year's event features an improved layout with dedicated demonstration and speaker areas, making it easier to explore live technology, engage with experts, and learn directly from local manufacturers who are successfully implementing automation on their shop floors.
